

Cortona3D Viewer licensing options

This document contains an overview of licensing options for Cortona3D Viewer v. 6.0 and later versions.

Licensing options

The Cortona3D Viewer is available with a choice of licensing options:

A. Single User, Fixed License

A single user license can be downloaded from www.cortona3d.com. The EULA is accepted during the installation process. The copy is restricted to one computer.

B. Distribution licenses

For instances where multiple copies are required a distribution license is available. These are available in a range of bundle sizes and allow the purchaser to distribute the licenses:

- to multiple users within their company, for example, for use when viewing output from the Cortona3D Rapid products

and/or
- internally or externally via CD or Web distribution, for example, to allow viewing of support documentation/designs.

A minimum 5 year maintenance agreement is compulsory when purchasing distribution licenses.

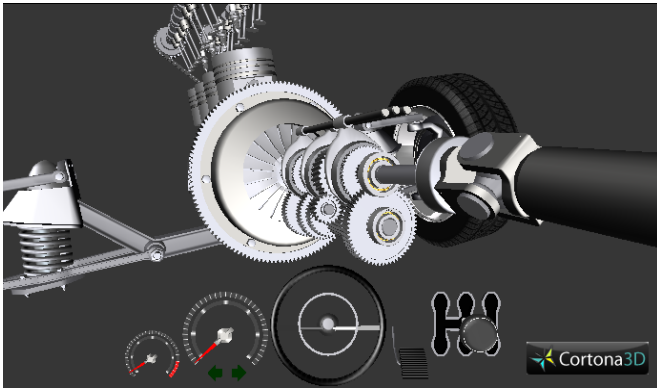

Distribution licenses are available in the following size bundles:

Number of licenses	License cost	Maintenance payment process
1-500	Price on Application	5 year maintenance minimum, payable at time of purchase.
>500	Price on Application	5 year maintenance minimum, payable at time of purchase.

For maintenance pricing information, please contact us at sales@cortona3d.com

Cortona3D logo

The Cortona3D logo: a logo displayed in the lower right-hand corner of the Cortona3D window (see the picture).

Removal of Cortona3D logo

With a distribution license you will have the option to remove the Cortona3D logo. The method used to remove the logo varies according to the distribution method used. More detailed technical information can be provided upon request.

Note: if Cortona3D viewer is used only for viewing the output of Cortona3D Rapid products, no additional action will be required, as Rapid products automatically hide the Cortona3D logo when creating 3D models.

Academic use

Cortona3D Viewer is available to academic institutions free of charge. Please contact us via sales@cortona3d.com to discuss your requirements if you feel you qualify.

For all sales inquiries and pricing information, please contact us as at sales@cortona3d.com
